

Texas Urban Mobility Plan

410 S. High St. | [Click here for map](#) [1]

The Texas Urban Mobility Plan (TUMP) is a state-based requirement intended to serve as a framework for identifying unmet transportation needs in the state's smaller metropolitan areas. This plan requires the smaller metropolitan areas of Texas to develop a comprehensive, locally developed and financially unconstrained plan and goes one step further to become a needs-based plan which quantifies transportation needs beyond the fiscal constraint barrier.
